Short courses to learn playing the  
hunting horn **2022**

Course language:  
english

Hello I am Annette Roos and I am a certified musician with 22 years of experience in teaching the hunting horn.

I always tailor every lesson to my students needs.

Everybody can learn it !!!

If you wish to continue after the course, we can build a continuous group of beginners with course language english or you can experience the warm german friendship in the german hunting horn group.

What is the „jagdhorn-akademie-rhein-main-taunus“ ?

In 2016 the idea was born to establish a hunting horn academy. Now there are hunting horn courses for everyone who wants to learn the little one, called "Fürst-Pless-Horn" or the big one, called "Parforcehorn" Short courses for beginners and steady courses for advanced. The hunting horn academy offers lessons in a very high professional way.

Lessons will take place under the current corona regulations.

The courses take place in Wiesbaden or 3km nearby the "Schiesstand" in Mainz-Ebersheim.

And till 2020 although "thanks of the pandemic" online per BigBlueButton (alike Zoom) all over the world.

Ask about one to one basis lessons Online.
